SIMPLE APPLICATION • APLICACIÓN SIMPLE

Prepare soil and apply starter fertilizer and seed per package recommendations (fertilizer and seed sold separately).
Prepare el suelo y aplique el fertilizante de brote y las semillas según las recomendaciones del paquete (el fertilizante y las semillas se venden por separado).

Unroll mat over the prepared seed bed. Use sharp scissors to trim mat to exact size for patch work. Landscape staples or pins can be used every 5' to 7' to secure mat to the soil.
Desenrolle el tapete sobre el semillero preparado. Use tijeras afiladas para cortar el tapete al tamaño exacto del trabajo de reparación. Se pueden usar grapas o pasadores para jardín cada 1,52 m a 2,13 m para fijar el tapete al suelo.

Water the mat thoroughly after installation. Continue to water twice per day at least 15 minutes until all seeds have begun to grow.
Riegue por completo el tapete después de la instalación. Continúe con el riego dos veces al día durante por lo menos 15 minutos hasta que todas las semillas hayan comenzado a crecer.

Mow within the first month after seeds grow, cutting no more than 1/3 of the grass height. Mat will naturally degrade.
Pode dentro del primer mes después de que las semillas comiencen a crecer, sin cortar más de 1/3 de la altura del césped. El tapete se degradará de forma natural.

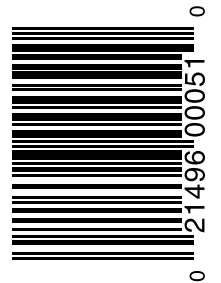

EXCLUSIVE MONEY BACK LIMITED WARRANTY

The SEED STARTER MAT[™] warranty is simple. If, in your judgment, Seed Starter Mat has failed to perform as desired, the purchase price of up to four 39" x 18' rolls will be refunded.
